1: Achieved

This process is voluntary and supported by Council. We have a number of premises who are struggling to meet the requirements of the Plans and will probably have to revert to Registration until the legislation become mandatory in March 2016.

Of the 24 current plans 18 are up to date and audited, with future audit dates set. 6 need auditing with expired audits dates.

In addition there are a further 11 applications with no plans submitted to audit. These are on hold and not calculated in the percentage shown as they have not been accepted for audit at this time.

1: Percentage of all Food Control Plans assessed and audited annually
